

2025 Medication Adherence Scorecard

Independent performance data reported through EQuIPP, the platform Medicare Part D plans use to score pharmacies. Closed measurement year. Full source documentation available on request.

5.00

★★★★★

Five stars out of five, on every measure

Fairview earned the maximum 5.00 star rating for Q4 2025, with five stars on all four EQuIPP quality measures individually. No measure below top tier.

THE FOUR MEASURES

Measure	Rating	Score	Patients	Off therapy
Adherence to Blood Pressure Medication RASA PDC	★★★★★	98.2%	215 of 219	1 in 55
Adherence to Cholesterol Medication Cholesterol PDC	★★★★★	97.2%	246 of 253	1 in 36
Statin Use in Persons with Diabetes SUPD	★★★★★	96.3%	52 of 54	1 in 27
Adherence to Diabetes Medication Diabetes PDC	★★★★★	95.6%	108 of 113	1 in 23

Source: Five Star Rebate Scorecard, Q4 2025, period ending 10/31/2025. Medicare patient panel. Denominators are the full attributed panel for each measure, not a sample. Off therapy shows how many patients in each panel fell below the adherence threshold.

AGAINST THE STATE

Measure	Fairview	Mississippi average	Margin
Blood pressure	95.6%	82.9%	+12.7
Cholesterol	96.5%	83.2%	+13.3
Statin use in diabetes	97.1%	80.2%	+16.9
Diabetes	95.5%	84.4%	+11.1

Source: EQuIPP platform, full measure set, January 1 to December 31 2025. State averages as published by EQuIPP for the same period. Because this view covers the full calendar year and all lines of business, scores differ slightly from the Q4 Medicare panel above.

What this means for the patients you send us

Adherence is the distance between what you prescribe and what the patient actually takes. Of 219 blood pressure patients, four fell off therapy. Of 253 cholesterol patients, seven. We synchronize refills to one monthly date, dispense in dated blister packs sorted by day and time, deliver same day in Hattiesburg and twice weekly across the Pine Belt, and call any patient who has not picked up before a gap opens.

Five patient pilot

Send us five patients you believe are non-adherent. At day 90 you receive a written report on each one: fill history, gaps closed, and any therapy issues we identified. No cost, no commitment, and no obligation to send a sixth.

To start, call 601-544-4871 or fax this page back with five names.
